SUMMARY

Creative and detail-oriented Web Developer with a solid foundation in both front-end and back-end technologies including HTML, CSS, JavaScript, PHP, and MySQL. Experienced in building responsive, user-friendly websites with a strong focus on performance and accessibility. Quick to adapt to new tools and frameworks, with a passion for solving real-world problems through clean, scalable code. Committed to delivering high-quality digital solutions and contributing effectively to modern web projects.

PROJECTS

Online food delivery

12/2024 03/2025 Deesa

- Developed a full-featured food ordering system with **User, Restaurant Owner, and Admin panels**.
- Implemented **user authentication**, order placement, and coupon application for customers.
- Enabled restaurant owners to **add, update, or remove menu items** and track incoming orders.
- Built an **Admin Dashboard** to manage users, monitor restaurants, and control platform data.
- Integrated a **relational database** to store all data securely, including orders, user profiles, and transactions.

Bank Management System (MCA Semester 1)

- Developed a console-based banking application using C.
- Implemented features such as account creation, deposit, withdrawal, balance inquiry, and transaction management.
- Used file handling for secure storage and retrieval of customer records.
- Applied structured programming concepts and data management techniques.

College Placement Portal (MCA Semester 2)

- Developed a placement management portal for students, recruiters, and administrators.
- Enabled student registration, job posting, application tracking, and placement updates.
- Implemented authentication and role-based access control.
- Managed student and company data using a database for efficient placement processes.

EXPERIENCE

Teaching Assistant (Technical Team Lead)

Sardar patel school

07/2024 09/2024 Deesa

- Led the technical team to train school staff on using smart digital boards and modern classroom technology.
- Resolved technical issues and provided hands-on support, ensuring smooth adoption of new tools.
- Promoted digital transformation by introducing user-friendly IT solutions and improving system reliability.

Web Developer-Intern

DG Intern Hub

12/2025 01/2026 Remote

- This 1-month unpaid internship helped me gain valuable hands-on experience, improve my skills, and understand real-world professional practices.

SKILLS

HTML CSS JAVASCRIPT React C++

ASP.NET PYTHON PHP SQL C

KEY ACHIEVEMENTS

Best academic student award

Awarded for maintaining top academic performance and demonstrating excellence in technical and theoretical coursework.

Technical Issue Resolution & Team Support

Led technical operations during digital board rollout, resolving real-time technical issues and ensuring smooth classroom functionality.

End-to-End Project Execution

Delivered end-to-end web projects with user/admin panels, applying strong front-end logic and structured database design.

Technical Leadership & Event Management

Served as Vice President of MTechVerse, organizing technical events and leading student engagement initiatives..
